Keep your supplies organized and ready to go to your next sewing retreat. Clear pockets to easily see what you have. I always keep mine 'loaded', so I can grab and go. It is one less thing to think about when I head to a retreat. "Lots of pockets - fill 'em, fold 'em and go." Learn a few additions I have made that make this bag even better. Cutting instructions will be emailed after sign-up. Don't let the zippers and vinyl scare you, they are easy to install.

The cutting instructions will be emailed to you after sign-up. Because you will have everything cutout and labeled for class, you should complete most of your bag during the 3 hour class time.
