Class Description:

This Sewing Caddy holds a lot of your sewing essentials. With pockets on the outside, and I add pockets to the inside, there is plenty of organizational room. The wire frame helps the bag stay open wide so you can easily find what you need. It has become one of my favorite grab bags for my sewing needs. Don't let making bags scare you. We'll work step by step to make it easy. There will be prep work to be done before class.
