### Class Description:

Do you love the beauty of hand appliqued quilts, but wonder if you would like it enough to actually finish one? This beginner hand applique class will teach you five different approaches to hand applique in just ONE quilt block, allowing you to experiment with methods and learn which feels right to you. We will cover points, curves, and circles. You will also learn how to make your own bias for stems. If you discover that you love it, make more blocks! If it's not your favorite quilting style, then you only have one block to do something with: a pillow, wall hanging, pouch, etc.
